Dear George,

Reur 2/10, whenever you can will be fine.

About 25 percent is on King. McKnight has carried that work far forward and had a fine book just coming out, The Last Crusade (Westview).

Perhaps you might want a prominent member of the black community to review it.

One who would be welcome to see the files of the archive that relate to King.

And to James Earl Ray, whose investigator I was for a few ywars.

Enjoy the warmth!

Best wishes,

Harold
